There has been a lot of pressure from our Government to get this 'vaccine' but it's important to know the risks we are taking before we put our health and lives on the line.

Mandates and directives from the Government or any other authority are **NOT LAW**. It is **YOUR BODY** and **YOUR CHOICE**. This is your birth right under Tribal Law and Common Law.

Offering you money to do something is **COERCION** and goes against Tribal and Common Laws.

Threatening to take something away from you if you don't get the 'vaccine' is also **UNLAWFUL**.

You have a right to **SAY NO** without suffering consequences and there are people who can help you if you are being threatened or coerced.
