What is an affidavit?

An affidavit is a written statement where the contents are sworn or affirmed to be true. An affidavit should set out facts, not opinion. [Baron David Ward's Definition](#)

Why Baron David Ward's Affidavit?

: 'Which part of what legislation do you think actually applies to you? Without your consent to be governed there is no government and when there is no government there is no such thing as legislation that a living breathing being has an obligation to obey.'

'What part of an act or legislation applies to you without your consent? Acts and Statutes can only be given force of law BY the consent of the governed'

'All acts, statutes and legislation went in the bin in 2013, there are no acts without our consent and without the material evidence of a vote, well then there is no consent of the governed.

All this is besides the fact that EVERY so-called government department have a DUNS registration which makes them all registered businesses carry on a commercial enterprise. We have no government and we have no acts that can be enforced without the consent of the governed.'

[Using the Affidavit](#)

[The Affidavit](#)

Download and print off on your computer (not always accessible via phones).

*A laser printer is suggested for speedy printing.

Read, read, read the Affidavit to fully comprehend the facts.

Or you may prefer to [listen](#).

[Exhibit B of the Affidavit Explained](#)

There are two ways of using the Affidavit.

1. Use [Peter-joseph's Affidavit](#) or [Baron David Ward's Affidavit](#) or Scott Herbert [PDF word or Adrian James affidavit](#)

Send to all [Parliament Members](#) using email (instructions below in ‘Sending the Affidavit’). It’s suggested to also send to your local council members via email and the [C.E.O.](#) of your council. and the [chief constables](#) to establish the facts Use the above linked affidavits and make it your ‘own’.

Using Peter, scott or Adrian is easier as there are a number of items that needed changing/deleting if using Baron David Ward’s Affidavit. The main content is the same, but for some information like Baron David Ward being a paralegal has to be taken out (unless of course, you are a paralegal!).

[Create your crest and seal](#)

Delete the crest and seals already in the Affidavit and insert yours in the Header and Footer.

Make sure there are **NO crest and seal on Exhibit B – Baron David Ward’s case.

Use the Replace tool in the word document and find David or Scott’s name and address and replace with yours.

[The Decree](#)

[Signatures and Embossing Seals](#) and also [here](#)

Only the front cover and the final page on document 6 under our 3 signatures needs the Embossed great seal when sending via post. if you are lucky enough to live close by to another baron with an embosser then they can witness beneath your seal All other pages must have a printed Great Seal.

Answers to Questions:

What's the process of sending the Affidavit?

Peter: Sending the affidavit with YOUR crest and seal gives them 28 days. Sending David's or mine means you can start a lien in 48 hours and that is because they are already on the public record. The affidavit with YOUR OWN crest and seal can be used the same way but only once it has become a public document by waiting the 28 days and then sending the public announcement and decree.

If the affidavit and liens work why are the people, they're sent to still employed and working still?

Peter: The reason is because the whole system is corrupt and the departments who are supposed to investigate these crimes are a part of the crime.

Lien

The Lien:

To see where the process of a lien begins, pick any lien and go to Exhibit A.

This will be where the correspondence containing the claims against the man or woman is evidenced and then the Letters 1, 2,3, asking for the claimant to provide evidence of the claims made, followed by the Opportunity to Resolve, Letter 4 and the Default Notice, Letter 5. Letter 6 ties all this together and goes at the beginning of the lien. All documents sent via email must be in PDF format so they cannot be altered.
